Profile

My name is Imi Hudson and I am a hardworking 2D Generalist. I tend to specialise in the Pre-Production side of the film making process (2D Animation, Character & Concept Art and Storyboarding) however I love every part of the pipeline. I am very passionate about the work I do. I have a great sense of time management and I strive to create the highest quality work possible. I also have a great eye for detail and I have a real skill for storytelling.
